

BUCKETS FOR JESUS

In 2009, Ruby Soh had a vision of 'buckets' containing a Bible and basic necessities, and felt a calling to bring this to the poor in her home country, Philippines. Since then, **Buckets For Jesus** has brought 'buckets' to the poorest of the poor, the forgotten and the unloved in the slums, street children, prisons, orphanages, homes for the elderly, hospitals & the sick.

Yet, their work was to continue to expand. In 2012, Mike Soh received the vision of sending sea containers full of pre-owned items to help the poor, and thus **Containers For Jesus** ministry was founded. 28 containers have been shipped to date, touching a multitude of needy people in disaster areas.

Having witnessed the devastation of Typhoon Haiyan first-hand, Ruby then had a vision of a housing appeal for the homeless. With the **Housing For Jesus** Appeal, one can sponsor a roof over a build a roof a homeless, disaster-affected family through our **Adopt A Family** project.

The highlight of our mission work is our annual **Schoolbags For Jesus** project for needy children. Customised drawstring bags are filled with basic school supplies, clothes and toys. These are then shipped to the Philippines and other countries to be distributed to children in slums, rural areas and orphanages, so that they will have what they need to attend school.

Should you be interested in supporting **Buckets For Jesus**, please see our details:
